EVERESTMILES

Contractors

Building & Maintenance

**Building the future.
Restoring the past.**

Acting as a Principal contractor, we undertake projects across a wide range of sectors, including residential, education, commercial and industrial, as well as a number of term planned and reactive maintenance contracts.

Our contracts vary in size from small repairs to full refurbishments/extensions. We are used to dealing with standard JCT and NEC contracts and monthly valuations.

We operate throughout Sussex and the South East. In addition to our own trained and skilled operatives, we have a valuable resource in our established and experienced supply chain of sub-contractors and suppliers.
